

✨ FOUNDING COHORT · FIRST 25 STUDENTS ONLY

Learn AI, build a Shopify store, launch in 30 days.

Fifteen live evening classes where you use AI to research a niche, build a real Shopify store and get it ready to sell — with personal feedback from your instructor and a small group of founders.

★★★★★ Rated by past workshop attendees

- ✓ Build your store during the course, not after it
- ✓ No coding, no prior experience needed

TOOLS YOU WILL MASTER

SEE IT IN ACTION

Two minutes inside the classroom

Every class is a screen-share walkthrough. Here is a short clip of how the workflow actually looks — research, build, then launch.

Niche & product research with AI
Store build, theme setup & apps
Launch checklist and first-order flow

THE CURRICULUM

1. Niche & product research with AI

Fifteen classes, three phases, one finished store

Each phase ends with something real you can show or sell. Nothing is theoretical.

Every class is recorded. Miss one, watch it later.

YOUR INSTRUCTOR

Roshan Shaji

Founder, DARTS AI Academy · Trivandrum, Kerala

I build and launch Shopify stores with AI every week, and I teach the exact workflow I use. You get my full process — the prompts, the tools, the mistakes to skip — explained live, on your own store.

[Learn with me →](#)

🕒 15+ years building online businesses

STUDENT RESULTS

People who started exactly where you are

Real feedback from live workshops and cohort classes.

Add your first testimonial

Open the theme editor, click this section, then **Add testimonial**. Real student quotes with a name, role and photo convert far better than any badge.

- Ask one question: what changed after the course?
- Ask for the store link or a screenshot
- Get permission to use their full name

STORES BUILT BY STUDENTS

EVERYTHING INCLUDED

What you get for the fee

No upsells inside the course. Everything below is included from day one.

OUR PROMISE

Attend the classes and you will finish with a live store

If you attend the classes and do the work, you will have a live Shopify store by the end of the course. If you get stuck, message me — I answer personally.
